

## DENON SC-7000

Σταθμός αποκόλλησης ESD, 120W, 300~500° C, 230V AC.

- Device type: desoldering iron
- Tool version: ESD
- Desoldering iron power: 120W
- Desoldering iron temperature range: 300° C ~ 500°C
- Supply voltage: 230V AC
- Pump efficiency: 15l/min
- Desoldering iron functions: desoldering by solder suction
- Desoldering iron vacuum: 600mm Hg
- Weight: 420g
- Plug variant: EU
- Equipment: two filters, single and tripple cleaning rods, DN-SC0001 nozzle
- Gross weight: 0.9kg
