

### SR-963

Soldering iron 40Watt 230VAC grounded with socket plug and 0.8mm conical tip SR-F2.

- Manufacturer: SOLOMON SORNY ROONG
- Type of soldering iron: with htg element
- Power: 40W
- Soldering iron supply voltage: 230VAC
- Soldering iron length: 205mm
- Standard equipment: tip SR-F2
- Plug variant: Schuko EU
- Soldering equipment features: corrosion resistant metal parts, easy tip replacement, reinforced steel structure for tip fixation
- Gross weight: 255,31 gr
