

PASTA CU40

Θερμοαγώγιμη Πάστα σε σωληνάριο 40γρ. με χαλκό.

- Manufacturer: AG TERMOPASTY
- Type of chemical agent: heat transfer paste
- Colour: red
- Agent features: on copper basis
- Grease ingredients: copper
- Weight: 40g
- Appearance: paste
- Name: Thermal Grease
- Operating temperature: -50-250°C
- Thermal conductivity: 3.1W/mK
- Kind of package: syringe
- Agent application: heatsinks
- Application: Facilitates heat transfer
- Density: 1.98g/cm³ @ 20°C
- Gross weight: 78.7 gr
