

ΠΛΑΚ.43 L100X160AL15/35

Πλακέτα χαλκού-αλουμινίου μονή 100x160mm.

- Board type: laminate
- Material: aluminium
- Board variant: single sided
- Laminate thickness: 1.5mm
- Length: 160mm
- Width: 100mm
- Board clad type: copper
- Copper plating thickness: 35μm
- Applications of soldering equipment: high power electronic circuits
- Prototyping boards features: very good thermal conductivity
- Isolating layer thickness: 100μm
- Gross weight: 0.07 kg
