

WBU-502

Bread board 73x142mm.

- Board type: universal
- Board variant: prototyping, solderless
- Width: 73mm
- Length: 142mm
- Hole diameter: 0.8mm
- Number of contacts points: 800
- Soldering pads pitch: 2.54mm
- Contact plating: nickel plated
- Contact material: phosphor bronze
- Hole shape: square
- Equipment: aluminium shielding plate
- Soldering equipment features: possibility to combine into larger modules
- Gross weight: 130gr
